

The Trusted Online Safety Programme for the School Community

The DGwise Programme empowers schools to mitigate risks and fulfill their social and educational responsibility by providing innovative technology and knowledge to equip parents and children to stay protected online.

How We Support Schools in This Journey:

- ✓ Providing tools and resources to extend protection within and beyond school hours
- ✓ Positioning the school as a leader in student well-being
- ✓ Creating an additional revenue stream

Benefits for Parents:

- ✓ Easy-to-use monitoring and protection tools to support safe online habits
- ✓ Convenient access to cyber education and digital well-being resources
- ✓ Digital parenting solutions with visibility into online behaviors, helping parents recognize potential risks early

Benefits for Children:

- ✓ Develop strong digital citizenship skills, including respectful communication, privacy awareness, and ethical internet use
- ✓ Prioritize mental well-being by recognizing online risks and knowing how to respond to negative digital experiences
- ✓ Feel supported and empowered to take action—whether by reporting harmful content, supporting peers, or making informed digital choices

Why Choose DGwise?

DGwise brings together cybersecurity expertise and educational best practices to create a **comprehensive, effective, and future-proof approach** to digital safety. Schools that partner with DGwise aren't just adopting a programme—they're stepping up as leaders in safeguarding young minds for the digital age.

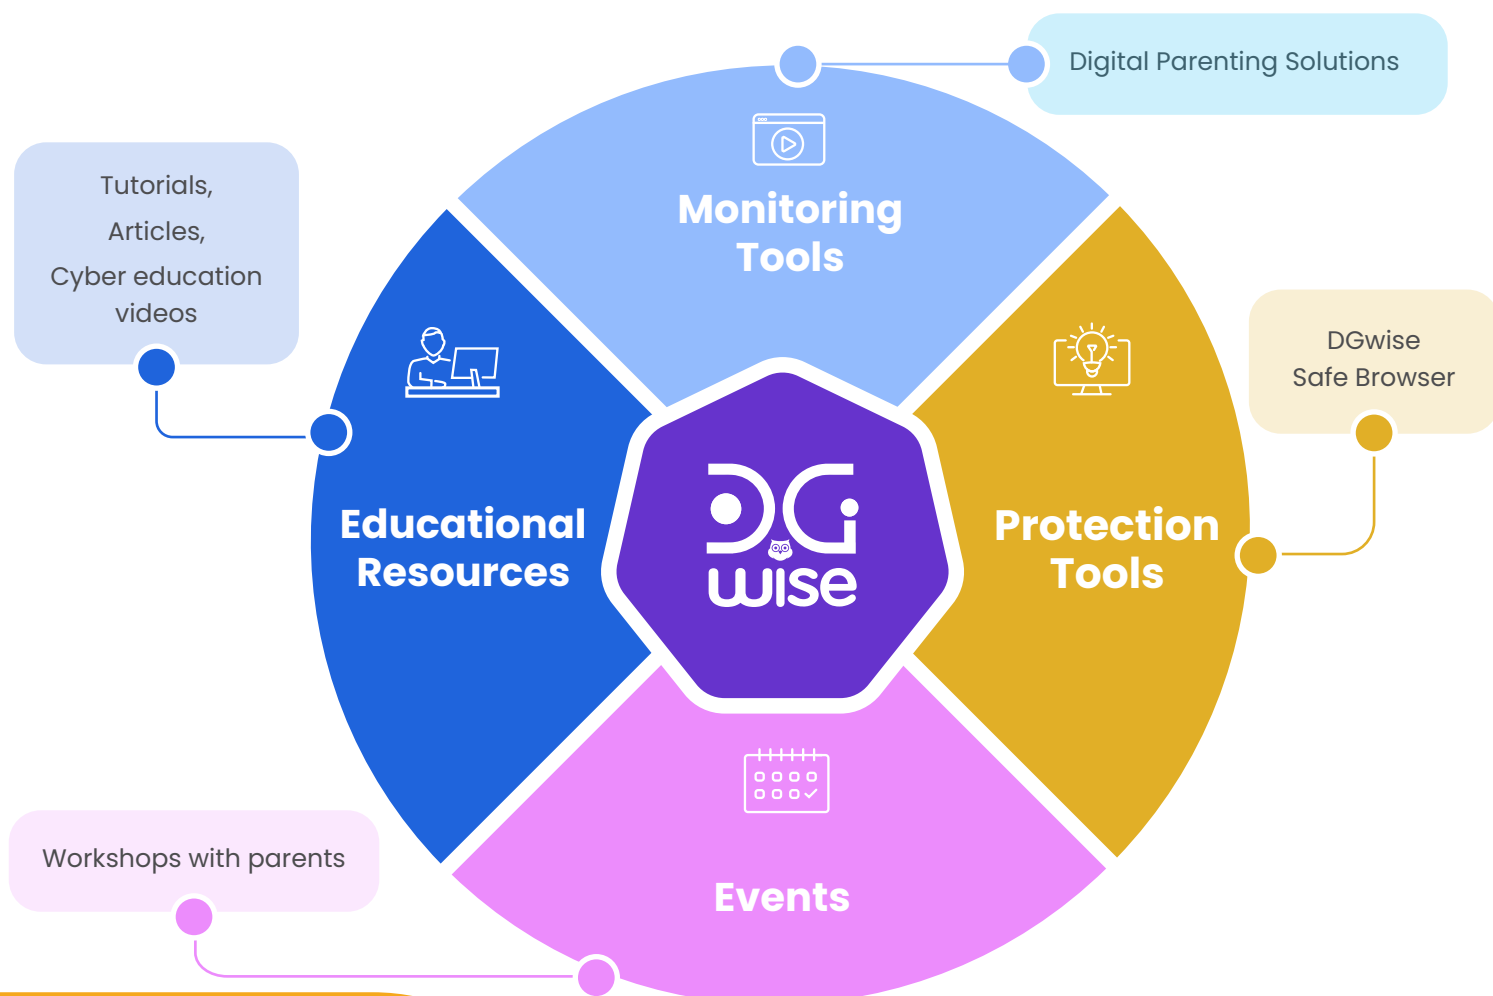

Empowering Parents with Visibility, Control & Content

Parents want to protect their children but often feel unequipped to navigate digital threats. This program provides peace of mind by offering:

- ✓ Easy-to-use monitoring and protection tools to support safe online habits.
- ✓ Educational content on cyber risks, social media awareness, and digital well-being.
- ✓ Visibility into online behaviors to help parents recognize potential risks early.
- ✓ Empowerment through knowledge and resources, ensuring parents feel confident in guiding their children.
- ✓ A collaborative framework with schools to proactively address digital challenges and create a safer online environment.
